**\*\*Outcome/Classification Definitions**

1) Confirmed: An outbreak that was Public Health Lab (PHL) verified for Pandemic 2009 H1N1

2) Probable: An outbreak that, although not PHL verified for Pandemic 2009 H1N1, still had evidence of either rapid test positive for influenza A or presence of ILI among the cases.

\*\*\*While the County Health Dept. has not determined the status of Stone Ranch Elementary School, it is currently under investigation and school officials have sent letters to parents declaring that the school has a cluster of flu-related cases.
